

Half Term Class Information

Personal, Social, and Emotional Development

Our Lenten Retreat will encourage the children to think about others. We will share kind words about each other and continue to promote sharing, collaboration and keeping safe outdoors.

Communication and Language

We have daily stories and rhyme time which all the children participate in. Our younger children will use the book 'You Choose' to actively create their own stories. Our theme will introduce the children to new and challenging vocabulary.

Physical Development

We spend time using the trim trail to build gross motor strength and indoors the children have yoga sessions, dough disco and practise with scissors to develop their fine motor skills. We will continue with our dance focus in PE and the children will begin to choreograph their own routines.

Foundation Spring 2 2021/17 Brave Children

Dear Parents/ Carers,
Welcome to our new half termly overview. It will give you information about what your child will be learning and how you can support them at home. If you have any queries or questions don't hesitate to talk to Miss Ghosh.

Understanding the World

Our theme of 'Brave Children' will cover historical figures such as Louis Braille and contemporary heroes such as Greta Thunberg.

Expressive Arts and Design

The children will be encouraged to mark make in all areas of their play. This will include making zig zag books and making posters. With props they will be able to act out the story of 'Little Red Riding Hood'

Literacy

Our key text this term is 'Little Red'. Foundation 2 will begin to write longer captions and sentences. Our younger children will be challenged to listen to longer stories and to demonstrate that they have understood by the conversation that they then engage in.

Mathematics

In practical activities all of our children will extend their number knowledge and consolidate their skills at manipulating number. F2 will be encouraged to record their maths in a meaningful way. Foundation 1 will be sequencing in all areas of our curriculum as they apply their understanding of patterns. We will continue to play maths games as the children show off their mathematical skills and knowledge.
