As a Catholic school our overall aim is to work in partnership with parents to create a caring, nurturing environment where children can develop spiritually, morally, intellectually, emotionally, socially, physically and artistically.

We aim to accelerate progress through active independent learning and the vital support of parents. We encourage children to play an active role both in the school and wider community by developing sensitivity to the needs and feelings of others regardless of differences.

To ensure that all children are encouraged to achieve their potential, we offer a broad and balanced curriculum as well as a varied programme of extra-curricular activities and a strong emphasis on personal development.
